SUMMARY

Aspiring Front-End Developer with a background in animation and digital design, passionate about blending creativity with code to craft engaging, user-friendly web experiences. Currently transitioning into software development, with hands-on experience in HTML, CSS, JavaScript, and creative coding projects. Eager to grow within a professional team and contribute to impactful digital solutions.

PROJECTS

Streak Tracker Web App

- A motivational streak app that helps users stay consistent with daily goals
- Features user input, progress bars, streak logic, and a mascot that reacts to streaks
- Designed in Figma and built with HTML, CSS, and JavaScript
- Utilises local storage to save user progress and streak data between sessions
- Focused on dynamic feedback, DOM manipulation, and user engagement through animation

Portfolio Website

- Designed and built personal portfolio using HTML, CSS, and JavaScript
- Showcases web development and animation projects

Calorie Counter

- Developed using JavaScript, HTML, and CSS
- Allows users to input and track daily calorie intake
- Demonstrates CRUD functionality and DOM manipulation

JavaScript Role-Playing Game

- A simple RPG featuring user interactions and event handling
- Built to practice logic, conditionals, and interactive elements

Waving Penguin Animation

- Created a character using only CSS for animation
- Focused on transitions, timing functions, and smooth movement

EXPERIENCE

Customer Trading Manager – Sainsbury's Local (2024–Present)

- Led team operations, stock management, and customer service
- Mentored new employees and handled complex queries
- Demonstrated leadership and problem-solving in a fast-paced setting
- Effectively managed time and priorities to ensure smooth day-to-day operations, balancing team supervision with customer needs and stock handling
- Developed scheduling systems and task delegation strategies to meet deadlines and maintain high productivity during busy trading periods

Sales Assistant – Sainsbury's Local (2021–2024) & Topshop (2020-2021)

- Provided customer service and supported daily shop floor operations
- Built teamwork skills by collaborating with colleagues during peak times
- Strengthened attention to detail and reliability through accurate till operation and stock handling
- Learned to manage time effectively while assisting customers and completing tasks efficiently.
- Managed store presentation and customer styling advice
- Handled refunds, online orders, and tills independently
- Developed strong communication and interpersonal skills through daily customer interactions
- Adapted to fast-paced retail environments, enhancing problem-solving and multitasking abilities
- Took initiative to manage tasks independently and contribute to team goals.
